## ABOUT MERINO GROUP

The Merino Group has been a leading player in the laminates and panel industry. The first product was plywood, launched in 1974 and later it spread its wings to high-pressure decorative laminates in 1981. The Group has diverse business interests expanding into Interior Architectural Products, Information Technology and Food & Agro business. Merino Group has an annual turnover of 280+ Million USD with a global market presence in over five continents. Over 5000 employees, 5 production units and more than six allied surface solutions having endless design possibilities are what ensure a consistent range of superior quality products and the Group's continuous significant growth in the challenging market scenario. With innovation and perfection at its core, Merino commits to the highest manufacturing standards with a strong customer support.

## OUR CORPORATE PHILOSOPHY

Our business is built on the steady pillars of a globally relevant mission, a far-reaching vision and a strong three-pronged motto.

### Vision

Global Competence and Global Competitiveness in every line of business by synergizing western work culture and Indian ethos.

### Mission

Universal weal through trade and industry

### Motto

Economy | Excellence | Ethics

Excellence in Economy is:

Economic, when founded on Work Ethics.

Sustainable, when nourished by Moral Ethics.

### Inspiration

"Arise, Awake and Stop Not till the Goal is Reached." - Swami Vivekananda

Exquisite architecture is music frozen in time.

Ethereal, surreal and extraordinary, the structures featured in this collection are a testimony of exemplary art. Iconic and inspiring, these structures have stood the test of time and personify masterpieces.

A fitting ode from one masterpiece to another – the masterpieces collection redefines design and aesthetics.

Incorporating a series of awe-inspiring features, it allows you to experience the exciting world of merino as you browse through.

So go ahead and discover a modern  
*Masterpiece* of designs.

## ABOUT MERINO LAMINATES

Merino Laminates is a leading manufacturer and exporter in the Interior & Architectural segment. Driven by product innovation and experiential industry adeptness to compliment the diverse needs of the interior and architectural segment, Merino has expanded its product portfolio by offering a wide gamut of latest surface products such as MR + Tuff Gloss Laminates, Post forming Laminates, Compact laminates, Anti-fingerprint Laminates, Panel products, Wall Claddings, solid surfaces, Merino Restroom Cubicles, Stone Veneers and many more which are available in plethora of timeless designs, distinctive finishes, aesthetic decors, vibrant colors and varied textures. Merino Laminates are customised for individual projects and are offered with specialised features including weather resistance, non-corrosiveness, scratch and abrasion resistance, dimensional stability etc. With a huge production capacity spread across the country, Merino Laminates has a global presence in more than 80 countries.

## CERTIFICATIONS & ACCREDITATION

At Merino, we are passionate about quality and innovation. Merino adheres to high safety standards and environmentally sustainable practices and ensures ease-of-application, short installation period and easy product maintenance. Through ERP, the company has an integrated operational process, ensuring transparency and on-time information to customers and service providers. Our Research & Development is sincerely dedicated towards its efforts to innovation in product design and advancement in technology. Our unique collection of superior quality products is an industry hallmark. Experts across the world add to our technical knowledge and industrial experience.

\* Products are available as FSC™ certified upon request.  
NSF International has certified Merino Industries Limited Hapur for Work Surface in CDS and HCS grade. For further product listing information visit [www.nsf.org/certified-products-systems](http://www.nsf.org/certified-products-systems).

## IMPREZA WORKTOP SOLUTIONS

Contemporary, efficient and robust, the all new range of Impreza worktop solution is much more than your standard worktop. The ultra-thin appearance creates the most contemporary and cutting edge design statement. Its unicolor core offers complete design flexibility to incorporate curves without the need for re-edging.

### IMPREZA LUVIH

The satin-smooth texture of this range of surfaces offers an enticing allure. Super Matt Worktop surfaces with the 'Finguard' feature, making it highly fingerprint resistant, and allowing you to appreciate every inch of your home, unblemished.

### IMPREZA EP

An enhanced performance product that is longlasting & elegant along with better surface features and benefits. Our EP technology deposits Aluminium oxide particles in top surface layer for superior durability, abrasion resistance, print fidelity and color saturation and provides better abrasion resistance than normal compact.

## SPECIAL LAMINATES

One of the simpler ways to make laminate surfaces special is to go beyond the ordinary possibility and make it extraordinary. Merino brings you an unbelievable range of laminates that are manufactured with the finest in technology. The numerous possibilities of Special Laminates let you experience surfaces with premium aesthetic appeal, along with functional benefit for every unique purpose.

### UNI+ LAMINATES

UNI+ series comes in a unique combination of high-quality decorative laminates and homogenous solid color. The uniformity in color of the core and the top makes it an ideal choice for tabletops, countertops and more. The consistent look lets the beauty of solid colors flow seamlessly. The undivided finesse of the décor is a work of art in the world of laminates.

### TUFF GLOSS MR+ LAMINATES

Tuff Gloss MR+ is a range of laminates with high gloss finish which is strongly resistant to micro scratches and abrasions (mar and scuff). Mar resistance is the ability of a surface to resist permanent deformation/micro-scratches resulting from the application of a dynamic mechanical force. An unbeatable match of highly-reflective surface and toughest resistance to damage gives you the liberty to handle laminates carefree.

### LAMINATURE

Laminature's seamlessly synchronized texture looks indistinguishable from solid woods, veneers and natural stones. Its design and pattern are crafted to give you a tactile feel that looks natural as the grain of design are in sync with the texture of finish. The range is available in three variations - Monte, Parish and Whitney.

## COMPACTS

Merino Compact have an inner core of celluloid fibres impregnated with thermosetting resins. It provides superior mechanical properties. It can be applied on both horizontal and vertical surfaces. They are manufactured in various thicknesses, adequate to eliminate the use of a substrate, and are useful where flat and free-standing panels are required for decorative purpose. Merino Compact is usually used for furniture, partitions, cubicles, panelling etc.

### MERINO RESTROOM SOLUTIONS

Merino Restroom solutions pioneers the introduction of Compact Laminate based restroom cubicle solutions. With its decade-long experience Merino Restrooms has the largest market share in India with more than 30,000 successful projects across the country. Merino Restrooms are thoughtfully designed to offer maximum safety, comfort and convenience to enhance the experience of all user categories. Merino Restrooms have been installed at several iconic places in India like Statue of Unity, Supreme Court of India, DLF Mall of India, Chhatrapati Shivaji International Airport, Delhi Metro and many more.

### EWC

Merino External Wall Cladding is a solid Exterior grade Compact High Pressure Laminate. The range has multiple design configurations, sizes, shapes, and is optimized for multiple applications in exteriors including residence, shopping malls, hotels, apartments, office buildings, retail, airports etc. The EWC range is powered with high levels of resistance to weather, UV rays, climatic shock, corrosion, graffiti, pollutants and abrasion. EWC range is available in EGS, EDS, EGF and EDF grade.

## PERFORMANCE LAMINATES

High performance laminates have unique features and great aesthetic appeal. These unique laminates also offers additional benefits which also enhance performance in spaces.

### CHEM+ (LAB GRADE) LAMINATES

Chem+ is a specially manufactured laminate composed of Electron Beam cured decor paper to withstand harsh chemicals like acids, alkalis and reagents. The superior resistance to chemicals makes it durable and suitable to be used in disposable areas in laboratories. Its outstanding quality and appearance give you the freedom to furnish these areas creatively.

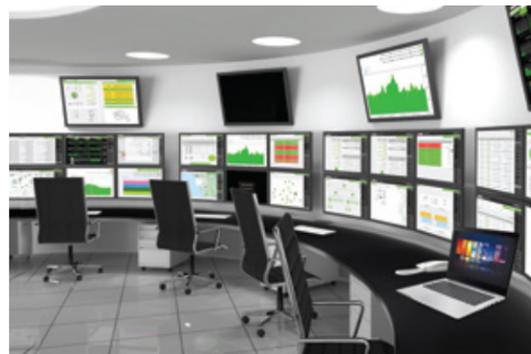

### FR+ FIRE RETARDANT LAMINATES

Fire Retardant (FR+) is a special type of laminate which is halogen free in the category of fire-resistant laminates. As per ASTM standards, its performance belongs to Class 1 grade, making it an exclusive laminate resistant to fire. With suitable substrates and adhesives, FR+ can help prevent casualties and damage caused due to fire hazard.

### AB+ ANTI BACTERIAL LAMINATES

Anti-bacterial laminates are designed to adorn surfaces that require supreme hygiene and performance. Usage of special additives inhibits growth and spread of bacteria by 99.99% within 24 hours. The surface not only fights against microbes but is also homogenous and non-porous, making it exceptional in performance and hygiene.

### ESD+ ELECTROSTATIC DISSIPATIVE LAMINATES

ESD+ range of laminates have top layer with antistatic properties that are incredibly higher than products available in the market till now. The special conductive layer guarantees safe discharge of static when used with appropriate earthing. This helps to reduce damage to delicate internal circuits that decreases productivity of electrical equipment by 30%. It also has additional dust repellent property.

## LUVIH

Stunning and elegant, Luvih surfaces are designed with Haute Matte feature that gives them a superior matte finish with an irresistible satin smooth touch. Available in 6 product categories and a multitude of styles and colors, these premium matte surfaces elevate the aesthetics of your interior.

### ZEROPRINT

Premium surfaces designed with fanguard, an innovative feature that offers fingerprint resistance.

### STARDUST

Uniformity in color of the core and the top makes it an ideal choice for tabletops, countertops and more.

### ONETONE

Uniformity in color of the core and the top makes it an ideal choice for tabletops, countertops and more.
